Food Safety Institute

WORLD SEAFOOD CONGRESS 2023 – Peniche, Portugal

Roundtable Discussion

Questions:

1. How to achieve equal standards in the exporting and the importing countries to ensure equal consumer protection and facilitate global trade?
2. How to simplify import requirements and harmonize standards ?
3. How to increase economic gain and reduce fraud?

Seafood Safety Regulations

Seafood Safety Regulations

05

**International
Collaboration:**

Countries and international organizations, such as Codex to harmonize seafood safety standards globally.

Promoting consumer education to ensure that individuals are aware of safe handling and consumption practices for seafood.
